

Presentation School's Annual Fund 2011-2012  
Update 1/20/12

## Our Target....

A Student Response System for every classroom: \$27,500  
(An awesome tool that allows instant feedback for teachers and students alike and turns any screen or wall into an interactive whiteboard.)

Safety Matting for Kindergarten Playground: \$12,500

**Our Total Goal: \$40,000**

We have \$20,000 already pledged in  
matching gifts!

*To date, 30 school families and 10 parish families  
have participated.*

Most matching fund donors have already sent in their donation. They are confident we will reach our goal. As of 1/19/12, we have \$27,850 in the bank. That leaves \$12,150 to go. We can do it! We just need more families to get on board for this wonderful opportunity to invest in our students!
